or

Dosha Vs. Dosa

One saint was explaining about satvic food. One of the audience was a great lover of food. The saint was telling that food can have dosha (defects) of three different types. The food lover immediately went towards the saint and told "Swamiji! I know more than three dosas" and started telling "Ravva Dosa, Masala Dosa, M.L.A Dosa, Plain Dosa, Onion Dosa, ...".

When we listen to some one - we always focus on things that we like, but not the truth.
